

Representatives of “Elektroprivreda BiH” shareholders adopted a Business Plan for the period of 2016-2018. The Business Plan includes investments of 1.2 billion euro from their own and external funding sources.

In the three year period, the priority is to start the construction of new capital projects - TPP “Tuzla” - Block 7, HPP “Vranduk”, Smal HPP on Neretvica and Wind farm “Podveležje”. The new Plan foresees investments into mines in the amount of 217.3 million euro through share capital increase of these dependent companies. With the Program of restructuring the electric power sector in BiH activities continue on restructuring EPBiH and coal mine within the concern EPBiH. The first phase in the restructuring of EPBiH is establishing the Distribution System Operator ODS.

The Assembly also issued decisions on the relocation of planned investment means in 2015 and 2016 in the framework of the Business Plan of “Elektroprivreda BiH” for the period 2015-2017, on the shared capital increase through investment in ZD RMU “Zenica” as well as the Decision to approve the decision on amendments to the Statute of “Elektroprivreda BiH”, NAP reports, transmits Serbia-energy.eu
