

The contract that BDZ Passengers (unit of Bulgarian state-owned railways operator BDZ Holding), has signed with Most Energy is an electricity supply contract worth some 3.4 million euros and envisages the supply of 74,000 MWh of electricity in the course of one year. Last week, BDZ Passengers launched a tender for one-year electricity supply contract worth some 17.7 million euros. According to tender documentation, the contract envisages the supply of 150,280 MWh of electricity in the course of one year. The agreement could be extended by one year. The deadline for the submission of offers is 10 April and the bids will be ranked solely on price offered.
