

Quarterly auction for the sale of electricity from ECO balance group by electricity market operator HROTE was organized via CROPEX trading platform, on 20 July 2020. Five market participants participated in the auction for the sale of electricity from ECO balance group totaling 50 MWh/h (base power product) for the period from 1 October 2020 to 31 December 2020. However, no bids were received at the time the auction closed. ECO balance group consists of eligible producers and other parties engaged in the electricity production and who are entitled to incentive price according to the purchase agreement with HROTE.
