

On 19 May 2021 guarantees of origin auctions for electricity from incentivized producers was held, and the entire amount of 181,548 guarantees of origin was sold on four separate auctions. Auctions were organized as four parallel auctions, in addition to guarantees of origin from wind farms on two auctions, those from biomass were also sold on two auctions through CROPEX's IT trading platform:

- a total of 88,006 guarantees of origin were sold at the auction from the wind power plants with commissioning date from 1 April 2015 (electricity produced in April 2021) at a price of 0.51 euros/GO;
- a total of 53,377 guarantees of origin were sold at the auction from the wind power plants with commissioning date older from 1 April 2015 (electricity produced in April 2021) at a price of 0.47 euros/GO;
- a total of 23,394 guarantees of origin were sold at the auction from the biomass power plants with commissioning date from 1 April 2015 with installed capacity less than 5 MW (electricity produced in April 2021) at a price of 2.38 euros/GO.
- a total of 16,711 guarantees of origin were sold at the auction from the biomass power plants with commissioning date from 1 April 2015 with installed capacity greater than 5 MW (electricity produced in April 2021) at a price of 0.51 euros/GO.

The price of 2.38 euros/GO for biomass power plants with commissioning date from 1 April 2015 with installed capacity less than 5 MW also represents the highest price of the guarantee of origin achieved since the beginning of the organization of GOs auctions in August 2019.
