

Interview with Mr. Eric Sievers, Director of Ethanol Europe Renewables Ltd, participant at upcoming Energy regional conference in Belgrade on 27th april

**Serbia-energy.com:** Your company is committed to invest in the establishment of 1,460,000,000 liters of ethanol production capacity in Hungary and Croatia over the next several years, and our first plant in Hungary is already operating. The amount of production capacity is equivalent to 25% of all ethanol production capacity in the EU, and the investment
