

Petroleum Industry of Serbia (NIS) announced yesterday that they have opened six gas stations in Republic Srpska.

As stated, two gas stations were opened in Banja Luka and four in Bijeljina.

NIS Investments in the development of the retail network in Republic Srpska in 2012 amounted to about nine million Euros and in 2013 the planned investment is 80 million Euros.

Retail stores offer BMB, BMB 98 and BMB 95, Euro diesel 5 and gas, while gas stations in Banja Luka also offer Ad Blue, environmentally friendly additive designed for diesel trucks, which will be gradually introduced in other stations too.

NIS will open two more gas stations in the Serbian Republic by the end of the year - gas station "Foca" (on the main road Foca - Trebinje), as well as gas station "Rogatica" (on the main road Gorazde - Sokolac).
