

Macedonia: Master Gazprom enters gas supply market

Categories : [SEE Energy News](#)

Date : October 14, 2013

Master Gazprom, the Macedonian company with Ukrainian partners officially is entering the Macedonian market for gas supply from the next week. The company has already obtained a license from the Energy Regulatory Commission and submitted a warranty of 50 MEUR.

The company announced that it will offer competitive price and continuity of gas supplies to Macedonian consumers.

The advantage of our company is that we have the capabilities to offer better terms than other companies in Macedonia because of partnership with a Ukrainian firm that has extensive experience in the Ukrainian gas market. We have signed a direct agreement with Gazprom, and the distribution network will allow us to continuously supply the gas. - Claims the company.
