Date : May 9, 2011

The renowned Chinese construction company Sinohydro Corporation is interested in building Corridor 10 and power facilities in Serbia, the company's representative Lee D. Dzyou told Tanjug news agency. Lee D. Dzyou said that Sinohydro would participate in the tendering procedure for the construction of highway sections Grabovnica-Grdelica and Vladicin Han-Donji Neradovci on Corridor 10 and that it would submit a bid in May. Nenad Ivanisevic, a member of the assembly of the company Koridori Srbije, told Tanjug that the opening of bids for the construction of aforementioned sections was scheduled for May 13. Mr. Dzyou said that the company was also interested in building other highway sections on the route of Corridor 10.
