

Romanian electricity producer Nuclearelectrica, the operator of the country's sole nuclear power plant Cernavoda, recorded a net profit in the amount of 206 million euros in 2021, which is by 45.5 % higher compared to the previous year.

The company's operating profit rose by 32.5 % year-on-year to 355 million euros in 2021, mainly due to an increase of operating revenues by 2.8% to more than 650 million euros. At the same time, operating expenses rose by 23.3 % to almost 300 million euros.

Nuclearelectrica produced and delivered 10.38 GWh of electricity in 2021, which is 1.7 % less compared to 2020. Electricity sales contributed 632 million euros in total revenues, which is a 27.6 % increase year-on-year.
