**Date :** March 25, 2013

Minister of Energy, Zorana Mihajlovic, announced that the contract for construction of reversible HPP “Bistrica” can be signed in a year, or year and a half.

Mihajlovic said on press conference in press center “Tanjug” at Kopaonik that negotiations with Canadian partner for construction of this facility on Lim should be finished and the possibility for including other investors in the project is opened. Minister did not want to confirm is REV the mentioned Canadian partner.

-We’ll construct HPP “Bistrica” with Canadian partner, as well as Brodarevo 1 and 2- Minister said.
