**Date :** July 17, 2015

UK based asset management company Millhouse Capital which is managing assets and the business interest of famous Russian businessman Roman Abramovich is eyeing Serbian energy market.

Millhouse Capital investment fund has recently founded a company in Serbia with the same name.

According to the data provided by the Business Registers Agency, subscribed non-cash capital of the company is at RSD 323,204,000,000, which is approximately EUR 2.7 billion.

Millhouse Capital plans to base its international operations in the domain of oil and gas right here.

Besides, they are currently negotiating acquisitions with six companies. , transmits Serbia-energy.eu
