

The Mayor of Lebane Ivan Bogdanovic said that local company Terra Solar has expressed interest in the construction of a solar power plant on the territory of the municipality. The company presented the Lebane - Novo Selo solar project, which envisages the construction of 8 MW solar power plant. The plant will consist of 16,218 photovoltaic panels, will cover the area of 9.2 hectares and produced enough electricity to cover the needs of some 2,000 households.
