

In June 2020, on the Serbian energy exchange SEEPEX a total of 244,786.2 MWh of electricity was traded on the day-ahead market. This is an 18.9 % increase compared to the previous month, with an average of 8,159.5 MWh/day.

Traded volume in June 2020 was 0.2 % lower than in the same month last year. Average daily base price on day-ahead market in June amounted to 29.79 euros/MWh, which is a 24.2 % increase compared to May, while average euro-peak price reached 31.62 euros/MWh (+ 28.6 %). SEEPEX was officially launched on 17 February 2016, with traded volume 1,925 MWh. It is jointly owned by Serbian electricity transmission system operator EMS and European Power Exchange (EPEX SPOT) with the idea to support the development of a competitive, transparent and reliable electricity market in Serbia and southeastern Europe and make a significant impact on the increase of trading volumes of electricity in the region.
