

A total of 249,939 MWh of electricity was traded on the day-ahead market on the Serbian energy exchange SEEPEX in August 2021, which is an 8.4 % decrease compared to the previous month, with an average of 8,062 MWh/day. Traded volume in August 2021 was 4 % lower than in the same month last year.

Average daily base price on day-ahead market in August amounted to 108.68 euros/MWh, which is a 13.96 % increase compared to July, while average euro-peak price reached 119.92 euros/ MWh (+ 18.07 %).

SEEPEX was officially launched on 17 February 2016, with traded volume of 1,925 MWh. It is jointly owned by Serbian electricity transmission system operator EMS and European Power Exchange (EPEX SPOT) with the idea to support the development of a competitive, transparent and reliable electricity market in Serbia and southeastern Europe and make a significant impact on the increase of trading volumes of electricity in the region.
