

Slovenia, Petrol Group said that it plans to achieve net profit in the amount of 158.3 million

The Slovenian Petrol Group said that it plans to achieve net profit in the amount of 158.3 million euros and revenues of 5.9 billion euros in 2022.

The statement from the company said that the plan for 2022 assumes that the energy product price growth will settle down and that governments will adopt various measures to promote economic activity and consumption level.

Petrol sees its gross profit reaching 643.9 million euros next year, while its earnings before interest, taxes, depreciation and amortization (EBITDA) would reach 297.8 million euros. Petrol plans to achieve the 2022 goals by selling 3.6 million tons of petroleum products, 162,400 tons of liquefied petroleum gas, 24.2 TWh of natural gas, and merchandise in the amount of 532.2 million euros, as well as by producing, trading and selling electricity and offering energy and environmental solutions.

Petrol recorded a net profit in the amount of 91.2 million euros in the first nine months of 2021, compared to 40.5 million euros in the same period last year.
